Linea Videosorveglianza

AHD
Analog High Definition

SCHEMA TECNICA

Telecamera Tecno modello TC-1011-i36-VF Varifocale

1. Analog High Definition, resolution reach 720P(1280*720).
2. BNC interface, connect normal coaxial cable up to 500M;
3. Real-time transmission, no delay;
4. Support video, audio, 485 control signal coaxial transmission;
5. Support OSD menu, can be freely adjusted image, function, OSD Cable is optional;
6. Easy installation & operation, as same as analog CCTV system.
7. Can Zoom & Focus directly from outside housing

Model No.:	TC-1011-i36-VF 1.0mega (720P)
Main Processor	High performance NVP2431H ISP
Sensor	1/4" Aptina0141 Progressive Scan Low Light CMOS Sensor
Effective Pixels	PAL : 1280*720@25fps NTSC : 1280*720@30fps
Video Standard	AHD
Video Format	PAL/NTSC
Video Output	1ch AHD
Transmission Distance	>500M (75-3 coaxial cable)
Minimum Illumination	0.0005LUX/F1.2(Led on)
IR-CUT	Auto-switch
OSD Menu	Optional
White Balance	Automatic
BLC	Off/Low/Medium/High/Highest
Lens	2.8~12MM Manual Vari-Focal
Led	36pcs IR Led
IR Distance	30M
Housing Color	Grey
Housing Material	Metal
IP Grade	IP66
Power	4W±10% , DC 12V
Temperature	-10℃ ~ +50℃

A causa di continua evoluzione dei Prodotti Le Caratteristiche possono subire variazioni
